# Saab 9-3

Owning and driving a Saab is a statement. With Saab Genuine Accessories you can equip your car to suit virtually all your needs – and express your personality. But versatility and enhanced looks are only some of the benefits. Saab Genuine Accessories are designed for your car, developed and tested to ensure optimum functionality, safety and quality. Let your Saab remain a Saab. Inside and out.

**Tailgate decor** – metallic-effect. Gives your car a wider and lower stance and more distinctive look. Saab 9-3 SportWagon until model year 2007.

**Front spoiler** – gives your car a more dynamic stance. Saab 9-3 Linear SE and Vector Sport from model year 2008.

## More than skin deep.

Giving your Saab 9-3 a personal touch is easy. Our range of styling accessories is designed to enhance the sporty stance even further. Also, when you choose Saab Genuine Accessories you'll boost your driving experience, with even more inspiring on-road behaviour. So let your personality shine through and enjoy your drive.

## Get spoiled.

Give your new Saab 9-3 some extra attention with our spoilers and skirts. Boost the dynamic design and give the car a broader, lower and more potent stance. All our spoilers and skirts are thoroughly wind-tunnel tested to optimise airflow for added stability. So spoil your car with Saab Genuine Accessories.

**Rear spoiler** – available in body-colour or dual-coloured.  
Saab 9-3 Convertible from model year 2008.

**Rear spoiler**  
Saab 9-3 Saloon from model year 2008.

**Aero spoiler**

Saab 9-3 Saloon until model year 2007.

**Rear spoiler**

Saab 9-3 Saloon until model year 2007.

**Saab 9-3 body kit** – includes front spoiler, side skirts and a rear bumper skirt. Saab 9-3 Saloon until model year 2007.

**Rear spoiler** – available in body-colour or dual-coloured. Saab 9-3 Convertible until model year 2007.

**Saab 9-3 Aero body kit** – includes front spoiler, side skirts and rear bumper skirt. With the same look as on the Aero models but prepared for a single exhaust tail pipe. (The Convertible must be complemented with a rear spoiler.) Saab 9-3 Saloon and Convertible until model year 2007.

**Front foglights** – give a broad low beam of light that improves visibility when driving on winding roads and in foggy conditions. It also gives the car a wider, more imposing look. Saab 9-3 until model year 2007.

# Wheel base.

With Saab light alloy wheels, you get dynamic design in inches and quality assurance in microns. Carefully designed and tested to enhance the car's road holding qualities. Including durability tests that are amongst the toughest in the industry.

**3-spoke Inca** – 18×7½" alloy wheels.

**5-spoke Claw** – 18×7½" alloy wheels.

**5-spoke Star** – 18×7½" alloy wheels.

**5-spoke Split** – 18×7½" alloy wheels.

**V-spoke** – 18×7½" alloy wheels (ALU 73).

**14-spoke** – 16×6½" alloy wheels (ALU 72).

**10-spoke** – 16×6½" alloy wheels (ALU 43).

**10-spoke** – 18×7½" alloy wheels (ALU 65).

**5-spoke Double Bridge** – 17×7½" alloy wheels.

**15-spoke** – 17×7" alloy wheels.

**10-spoke Nail** – 17×7½" alloy wheels.

**5-spoke Low Split** – 17×7½" alloy wheels (ALU 71).

**5-spoke Open** – 16×6½" alloy wheels (ALU 57).

**5-spoke** – 15×6½" alloy wheels (ALU 42).

**5-spoke** – 17×7½" alloy wheels (ALU 59).

**5-spoke Twin** – 17×7" alloy wheels (ALU 50).

**3-spoke Double EVO** – 17×7" alloy wheels (ALU 46).

**5-spoke Y** – 17×7" alloy wheels (ALU 45).

**5-spoke Flared** – 16×6½" alloy wheels.

**9-spoke wheel cover** – made of plastic. For 16" steel wheel.

**Classic wheel cover** – made of plastic. For 15" steel wheel.

**Mudflaps** – help protect the car body and other road-users from flying gravel and splashing water. Can be fitted in the mountings provided. Supplied in pairs, front and rear. Saab 9-3 until model year 2007.

Car equipped with: **3-spoke Inca** – 18×7½" alloy wheels.

# A finer tune.

With Saab Genuine Accessories you can further refine the performance of your car. Equip it for even more sporty and inspiring on-road behaviour. Not to mention a more powerful sound and stronger driving sensation.

**Sports chassis** – designed to help improve stability and control. Firmer springs and stiffer shock absorbers mean better body control, cornering and braking. Saab 9-3 until model year 2007.

**Sports exhaust** – with twin round tail-pipes. Replaces the exhaust system from the rear silencer. Gives your car a more dynamic appearance and a more powerful sound. (Must be complemented with a rear insert.) Saab 9-3 Saloon and Convertible and from model year 2008 SportWagon.

**Rear insert** – complement to the sports exhaust. For cars from model year 2008 the rear insert comes with a new dynamic design that enhances the car's sporty appearance even further.

# Inside stories.

Make your Saab 9-3 genuinely yours. Let it reflect your personality inside and out. Choose from a variety of accessories that will always make you feel at home behind the wheel.

**Metallic-effect door trim**  
 – for the front and rear doors.  
 Not available for Convertible.

**Aero steering wheel** – sports steering wheel with accentuated thumb grips and thick ergonomic grip, trimmed in leather. Includes metallic-effect inserts. Integrates airbag module and audio control buttons from the car's existing steering wheel. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-3 from model year 2006.

**Metallic-effect centre console trim**  
 – designed to match the other metallic-effect details of the interior.

**Metallic-effect glove box trim**  
 – designed to match the other metallic-effect details of the interior. Saab 9-3 from model year 2007.

**Burled wood-effect door trim** – for the front and rear doors. Not available for Convertible.

**Burled wood-effect centre console trim** – designed to match the burled wood-effect details of the interior.

**Burled wood-effect glove box trim** – designed to match the burled wood-effect details of the interior. Saab 9-3 from model year 2007.

**Poplar wood veneer door trim** – for the front and rear doors. Made of genuine poplar veneer. Saab 9-3 until model year 2005. Not available for Convertible.

**Poplar wood veneer centre console trim** – made of genuine poplar veneer. Saab 9-3 until model year 2005.

**Leather steering wheel** – with leather-clad rim and ergonomic grip. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-3 until model year 2005.

**Wood and leather steering wheel** – with genuine poplar wood veneer inserts. Leather-trimmed inserts for safer grip. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-3 until model year 2005.

**Sports steering wheel** – with thick ergonomic grip in leather. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-3 until model year 2005.

**Sports steering wheel** – with accentuated thumb grips and thick ergonomic grip, trimmed in perforated leather. Includes metallic-effect inserts. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-3 from model year 2006.

All steering wheels integrate the airbag module and audio control buttons from the car's existing steering wheel.

**Metallic-effect insert** – for the steering wheel. Designed to match the other metal-finished details of the interior.

**Integrated roof rails** – make it easy to attach roof racks and special holders for everything from kayaks to bikes and skis. SportWagon only.

# Gear shift.

Eager to explore? Just go ahead. And rest assured that our accessories will help tailor your car for virtually all your transport needs. So just move up a gear. And enjoy.

**Roof box** – with low-profile aerodynamic design. Made of sturdy fibreglass-reinforced polyester. Reinforced sides and bottom. Dual gas-filled struts raise the top. Central locking. 225×90×29 cm. Volume 460 litres. (Load capacity 75 kg.)

You can find a larger selection of roof boxes on page 58.

**Lockable ski/board holder** – for six/four pairs of skis or four snowboards. The skis are secured in the holder. Spring-loaded locking arm for simple fitting and removal.

**Roof rack** – can be combined with other accessories for loading and transportation. Crash-, corrosion- and UV-tested.

**Extending ski/board holder** – slides out from the car roof for easy loading and unloading. Holds six pairs of skis or four snowboards. Lockable.

**Roof rack, C-track** – made of aluminium. Quick-release fasteners make it easy to fit and modify with special holders for skis, bikes, boards, etc. Crash-, corrosion- and UV-tested.

**Bike holder with lift** – for mounting on the roof rack. The bike is fitted at door height, then lifted with the help of gas springs and secured to the roof rack. Can be adjusted to accommodate a variety of bikes. The bike is secured in an upright position. Unique latching feature makes it easy to secure the bike. Lockable. Made of aluminium.

**Kayak/canoe holder** – with adjustable supports of soft rubber that mould to the shape of the hull. The kayak is secured using robust tensioning straps. The kayak holder can also be used for transporting windsurfing boards and small boats.

**Windsurfing/surfboard holder** – features resilient rubber strips. Equipped with a mast holder. The board is held in place by means of a terylene strap. Quick-tensioning with the aid of a crank. For mounting on the roof rack.

**Bike holder, towbar-mounted** – easily fitted, approved for the towbar. Space for two bikes (three with an adapter). Dual lock function – locks both the bike to the holder and the holder to the towbar. The fold-down function makes it easier to access the luggage compartment. Equipped with number plate holder and lighting connected to the towbar's electrical socket.

**Bike holder** – for mounting on the roof rack. Can be adjusted to accommodate a variety of bikes. The bike is secured in an upright position. Unique latching feature makes it easy to secure the bike. Lockable. Made of fibreglass-reinforced polyamide.

**Load stops** – kit containing four easy-to-fit load stops. Help prevent the load from sliding sideways. Made of galvanised, polyester-coated sheet steel riveted to polyethylene plastic.

**Roof cage** – made entirely of aluminium. Large load surface surrounded by protective, gently rounded rim.

**Caravan mirrors** – complete kit consisting of two mirrors that meet EU requirements concerning unobstructed visibility. For mounting on each rearview mirror. Easy to fit.

**Towbar** – choose between a fixed and an easily removed/lockable towbar. For fitting to the mounting points provided. Crash-tested. Some models require that a cutout is made in the bumper.

# Cargo care.

Equip with our innovative cargo accessories and you're prepared for every opportunity. You'll get convenient transport and make the flexible luggage compartment of the Saab 9-3 even more versatile.

**Cargo mat** – made of rubber. Designed for the luggage compartment. Protects the carpet against dirt, water and wear. Prevents smaller items from sliding around. Easy to keep clean, fit and remove.

**Cargo guard** – metal guard that separates the passenger and luggage compartment. Gives the occupants added protection. SportWagon only.

**Cargo space divider** – divides the luggage compartment. Fitted together with the cargo guard. Convenient when travelling with a pet. SportWagon only.

**Side cargo net** – for fitting on the right-hand side of the luggage compartment. Elastic, designed for holding light items in place during driving. Easy to remove. Not available for Convertible.

**Floor cargo net** – holds light items in place and makes the luggage compartment more practical during driving. Elastic and easy to use. Not available for Convertible.

**Scratch protection/seating mat** – stored, folded and secured inside the luggage compartment sill. Pulled out to protect the bumper and vulnerable loads. Can be used as a waterproof seating mat on picnics. Storage bag with shoulder strap included.

**Net pocket** – elastic net for convenient storage in the luggage compartment. SportWagon only.

**Storage box** – keeps small items in place in the luggage compartment. Attached on the right side. Saloon only.

**Rear bumper protection film** – protects the rear bumper when you load and unload the car. Easy to attach.

**Grocery bag holder net** – for the TwinFloor cargo support system. Helps prevent bags and other small items from sliding around. SportWagon only.

**Cargo net** – for mounting in line with the rear seat backrest. Separates the passenger compartment from the luggage compartment. Gives the occupants added protection from shifting load in a collision. When not in use, the net can easily be folded and stored. Can be used with the rear seat backrest folded down. SportWagon only.

**Bag holder** – with four hooks for holding shopping bags in place in the luggage compartment. Mounted under the parcel shelf.

**Load straps** – for securing heavy loads. Help protect the occupants from shifting loads.

# Nice and easy.

Small details can make a big difference. Just look at our innovative solutions for the interior of the Saab 9-3. A range of inspiring accessories designed to ensure that you get the most out of every drive.

**CD storage** – neatly integrated in the Smart Slot storage system. Keeps six discs protected and easily accessible. Easy to take with you when you leave the car.

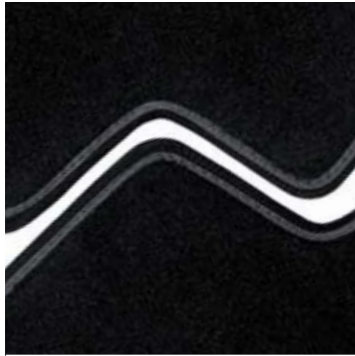

**Cup holder** – for the Smart Slot storage system. Holds one cup or can. Not available for Convertible

**Smart Slot** – innovative storage system that is neatly integrated in the centre console. Can easily be customised with a range of exchangeable accessories such as a cup holder or CD storage case.

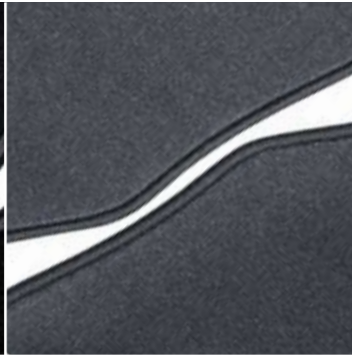

**Wind deflector** – considerably increases comfort by reducing draught from behind. Can be stored in the luggage compartment in a practical cover.

**Textile mats** – complete set of four mats. Black with grey piping.

**Textile mats** – complete set of four mats. Black.

**Rubber mats** – complete set of four mats. Black.

**Reading lamp** – with matt black finish, 20 cm flexible arm. Halogen bulb provides powerful light. Equipped with a universal connector, suitable for cars and caravans. Supplied with an adapter for plugging into the cigarette lighter socket.

**Net pocket** – elastic net fitted on the passenger side of the centre console.

**Waste/storage box** – fitted on the passenger side of the centre console. Designed as a holder for two soft-drink cans. Five CD discs can be stored in the middle section. Can alternatively be used to hold a waste bag.

**Saab Park Assist (SPA)** – makes it easier to judge rear distances when parking in tight spots. SPA automatically detects and adjusts the activation range if the car is equipped with a towbar. SPA is also automatically switched off when a trailer is hooked up. *Until model year 2008.*

**Petrol-powered heater** – for engine and passenger compartment. Also heats the engine while driving until the temperature reaches 65°C. Reduces fuel consumption and engine wear by eliminating cold starts. Three starting times, set using the car computer. *Not pictured.*

**Electric engine heater** – block heater with the socket located in the front spoiler. Reduces fuel consumption and engine wear by avoiding cold starts. Heater output 550 W. Supply voltage 230 V. Can be supplemented with a timer operated via the car computer. *Not pictured.*

**Branching cable kit** – necessary for connecting the electric engine heater to an electric compartment heater. *Not pictured.*

**Timer** – enables the electric engine heater to be started via the car computer. *Not pictured.*

# Guided touring.

Our navigation systems give you more than mere directions. Like the portable navigator, it knows virtually every route, even where to stop for lunch. Put it in your pocket when you leave the car and it will keep directing you the right way while giving you helpful tips about sites to explore further.

**Portable navigator** – GPS navigator, traveller's reference and digital entertainment system. All in a package the size of a deck of playing cards. Detailed maps with voice directions and touchscreen make it easy to find your way anywhere. Available with optional features such as MP3 player, calculator, language guide and a travel guide with in-depth information such as recommendations for restaurants, tourist attractions and more. Easy to install in the car. 4–8 hours of battery life depending on use when carrying it with you. Ask your Saab dealer for latest information.

**Integrated navigation system** – upgrade to Saab Infotainment Plus (ES3) including 5.8" colour widescreen monitor and navigation system. In navigation mode you can choose from eight route alternatives, such as the shortest, fastest or most scenic. The selected route is displayed on the colour monitor and directions appear in the Saab Information Display (SID). Voice instructions in eight languages. Satellite positioning (GPS) unit included. DVD player for map information. DVD disc with information about most of the European road network and over 600,000 points of interest included. Saab 9-3 until model year 2006.

**Saab Infotainment** – includes AM / FM stereo tuner with RDS, CD player or six-disc single-slot facia-mounted CD changer and AUX connection for your MP3 player and other portable audio equipment. Operated via the steering wheel audio controls or radio main unit. Anti-theft protection, digitally coded to work in your car only. Saab 9-3 from model year 2007.

**Telephone holder** – in the centre console storage compartment. Connects your phone to the exterior antenna and charges it while on the road. To be combined with the Bluetooth™ phone integration system. Saab 9-3 from model year 2007.

**CD changer** – fitted in the luggage compartment. Six discs. Operated via the steering wheel audio controls or radio main unit. Anti-theft protection, digitally coded to work in your car only. Saab 9-3 Saloon and Convertible until model year 2006.

**CD player** – fitted in the centre console. Single disc. Operated via the steering wheel audio controls or radio main unit. Anti-theft protection, digitally coded to work in your car only. Saab 9-3 until model year 2006.

**Sound System upgrade kit** – available for the Premium 70 and 150 sound systems. Provides a more natural spread of sound and a fuller bass profile. Includes an additional amplifier for increased output. Ask your Saab dealer for more information. Saab 9-3 until model year 2006.

**MP3/AUX connection** – enables connection of portable audio equipment to the car's audio system, such as your MP3-player, minidisc or laptop. Fitted in the centre console storage compartment. Saab 9-3 until model year 2006.

**Telephone holder** – makes it easy to use your mobile phone, especially in combination with the handsfree kit. Saab designed universal holder for most makes of mobile phone. Available in grey, parchment and black.

**CD storage** – neatly integrated in the Smart Slot storage system. Keeps six discs protected and easily accessible. Easy to take with you when you leave the car.

**CD changer** – mounted in the centre console. Six-disc single-slot. Operated via the steering wheel audio controls or radio main unit. Anti-theft protection, digitally coded to work in your car only. Saab 9-3 until model year 2006.

**Bluetooth™ handsfree kit** – automatically connects your Bluetooth™-enabled phone with a handsfree function. Keep the phone in your pocket and operate it with voice commands and buttons on the control panel. The call is heard at high quality through the audio system's speakers. The radio and CD player are automatically muted when you receive or make a call. If you enter the car while talking on your phone, the call will automatically be switched to the handsfree unit when you switch on the ignition.

Bluetooth™ is a trademark owned by Bluetooth SIG, Inc., USA and licensed to Saab Automobile AB. Please check the compatibility of your bluetooth phone with the handsfree kit with your local dealer prior to purchase.

# Saab 9-5

With Saab Genuine Accessories you can tailor your Saab 9-5 for any occasion. Equip it perfectly for work, family, friends or simply for heading to your next activity. Our accessories are designed specially for your car to ensure optimal functionality, safety and quality. So when you make your Saab genuinely yours make sure you use Saab Genuine Accessories.

# In style.

Giving your Saab 9-5 a personal touch is easy. Our range of styling details is designed to enhance the sporty stance even further. And when you choose Saab Genuine Accessories you'll also boost your driving experience, with even more inspiring on-road behaviour. So let your personality shine through and enjoy your drive.

**Door moulding decor** – metal-finish.  
A distinctive design detail for a sportier appearance.

**Rear spoiler**  
Saab 9-5 from model year 2006.

**Roof bridge spoiler**

A spoiler boosts the dynamic design and gives your car an even sportier look. Rear spoilers and bridge spoilers from Saab Genuine Accessories are wind-tunnel tested to ensure improved aerodynamics and added stability by reducing lift forces at the rear.

**Bridge spoiler** Saab 9-5 until model year 2005.

**Saab 9-5 Aero body kit** – includes front bumper with integrated foglights, side skirts and rear bumper. Saab 9-5 until model year 2005.

**Front foglights** – give a broad low beam of light that improves visibility when driving on winding roads and in foggy conditions. It also gives the car a wider, more imposing look.

# Agile alloys.

Choose Saab alloy wheels and get dynamic design in every inch. As well as road holding and quality fine-tuned down to the very last micron. Our durability tests are amongst the toughest in the industry. So count on driving pleasure that will last.

**3-spoke Double Blade**  
– 18×8" alloy wheels.

**5-spoke Double Wing**  
– 17×7½" alloy wheels.

**5-spoke High Split**  
– 17×7½" alloy wheels (ALU 74).

**5-spoke Twin** – 17×7½"  
alloy wheels (ALU 62).

**5-spoke** – 17×7"  
alloy wheels.

**10-spoke** – 16×6½"  
alloy wheels (ALU 70).

**10-spoke Forged** – 16×6½"  
alloy wheels (ALU 51).

**6-spoke Split** – 17×7"  
alloy wheels.

**10-spoke** – 17×7"  
alloy wheels (ALU 39).

**7-spoke Twin** – 17×7"  
alloy wheels (ALU 55).

**6-spoke** – 17×7"  
alloy wheels (ALU 48).

**3-spoke Double** – 17×7"  
alloy wheels (ALU 36).

**9-spoke Double**  
– 16×6½" alloy wheels  
(ALU 54).

**Classic wheel cover**  
– made of plastic.  
For 15" steel wheel.

**5-spoke EVO** – 17×7"  
alloy wheels (ALU 52).

**10-spoke Sculpted**  
– 16×6½" alloy wheels.

**Mudflaps** – help protect the car body and other road-users from flying gravel and splashing water. Can be fitted in the mountings provided. Supplied in pairs, front and rear.

Car equipped with:  
**3-spoke Double Blade**  
– 18×8" alloy wheels.

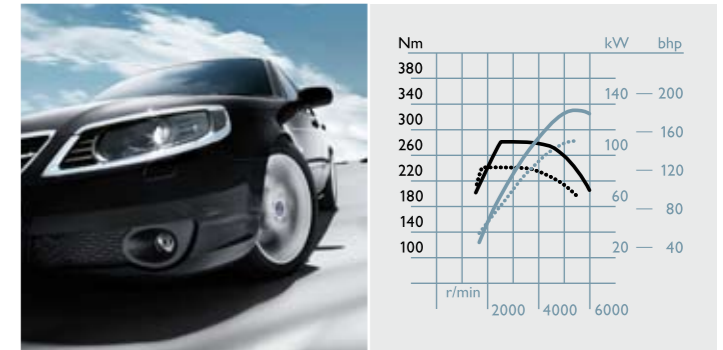

# Tune to perform.

With Saab Genuine Accessories you can further refine the performance of your car. Equip for even more sporty and inspiring on-road behaviour. Not to mention a more powerful sound and stronger driving sensation.

**Sports chassis** – designed to help improve stability and control. Firmer springs and stiffer shock absorbers mean better body control, cornering and braking.

**Body-levelling kit** – gives a steadier ride when the car is heavily loaded or when towing. It automatically levels out the rear of the car to maintain an optimal height regardless of the weight of the load.

**Saab engine tuning kit 2.0t** – for the 150 hp 2.0t engine. Boosts torque over a wide rev range, thus permitting even faster overtaking. For both manual and automatic transmissions. Power rises to 185 hp and torque to 280 Nm (dotted curve = standard). The Saab engine tuning kit must be fitted according to Saab technical standards.

**Sports exhaust** – replaces the standard exhaust system from the rear silencer onwards. Gives your car a more dynamic appearance and powerful sound. Saab 9-5 from model year 2006.

Saab 9-5 until model year 2005.

# Interior motives.

Make your Saab 9-5 genuinely yours. Let it reflect your personality inside and out. Choose from a variety of accessories that will always make you feel at home behind the wheel.

**Burled wood-effect centre console trim** – designed to match the other burled wood-effect details of the interior. Saab 9-5 from model year 2006.

**Tinted metallic-effect door trim** – for the front and rear doors. Saab 9-5 from model year 2006.

**Aero steering wheel** – leather-trimmed for safer grip. Integrates the airbag module and audio control buttons from the car's existing steering wheel. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-5 from model year 2006.

**Tinted metallic-effect facia**  
Saab 9-5 from model year 2006.

**Tinted metallic-effect centre console trim** – designed to match the other tinted metallic-effect details of the interior. Saab 9-5 from model year 2006.

**Tektite-effect centre console trim** – designed to match the other tektite-effect details of the interior. Saab 9-5 from model year 2006.

Leather gear knob and gaiter kit are available separately.

**Carbon-fibre gear selector** – for automatic transmission. Saab 9-5 until model year 2005.

**Wooden gear selector** – made of genuine cultivated Californian walnut. Available in light and red walnut veneer. For automatic transmission. (Not pictured) Saab 9-5 until model year 2005.

**Carbon-fibre fascia**  
Saab 9-5 until model year 2005.

**Sports steering wheel** – with thick ergonomic rim clothed in perforated leather and featuring accentuated thumb grips. Accepts the airbag module and audio control buttons from the car's existing steering wheel. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-5 until model year 2005.

**Metallic-effect fascia** Saab 9-5 until model year 2005.

**Wood samples**  
Dark walnut veneer  
Light walnut veneer  
Red walnut veneer  
Saab 9-5 until model year 2005.

**Wood and leather steering wheel** – with genuine cultivated mahogany inserts in light or red nuance. Partly leather-trimmed for safer grip. Accepts the airbag module and audio control buttons from the car's existing steering wheel. Must be fitted according to Saab technical standards to ensure airbag functionality. Saab 9-5 until model year 2005.

**Walnut veneer fascia** – made of genuine cultivated Californian walnut. Available in dark, light and red walnut veneer. Saab 9-5 until model year 2005.

# Ready to go.

Eager to explore? Just go ahead. And rest assured that our accessories will help tailor your car for virtually all your transport needs. So just move up a gear. And enjoy.

With our wide range of roof boxes you can count on advanced designs and innovative solutions for easy loading and transport, wherever you're heading. Provides up to 480 litres of extra storage space. Perfect for longer items and sports equipment such as skis.

**Roof box** – with low-profile aerodynamic design. Made of sturdy fibreglass-reinforced polyester. Reinforced sides and bottom. Dual gas-filled struts raise the top. Central locking. 225×90×29 cm. Volume 460 litres. (Load capacity 75 kg.)

**Roof box** – with aerodynamic design. Made of sturdy fibreglass-reinforced polyester. Reinforced sides and bottom. Dual gas-filled struts raise the top. Central locking. 220×90×30 cm. Volume 480 litres. (Load capacity 75 kg.)

**Roof box** – with aerodynamic design. Made of ABS plastic. Dual side opening with a dual force spring system for easy mounting, opening, loading and closing. Central locking. 196×78×44 cm. Volume 480 litres. (Load capacity 75 kg.)

**Roof box** – with aerodynamic design. Made of ABS plastic. Easy snap mounting and single side opening with a dual force spring system for easy opening and closing. Central locking. 232×70×39 cm. Volume 450 litres. (Load capacity 50 kg.)

**Roof box** – with aerodynamic design. Made of ABS plastic. Easy snap mounting and single side opening with a dual force spring system for easy opening and closing. Central locking. 175×82×45 cm. Volume 450 litres. (Load capacity 50 kg.)

**Roof box** – with aerodynamic design. Made of ABS plastic. Easy to fit and convenient rear opening and closing. Snap-lock. 133×86×37 cm. Volume 320 litres. (Load capacity 50 kg.)

**Lockable ski/board holder** – for six/four pairs of skis or four snowboards. The skis are secured in the holder. Spring-loaded locking arm for simple fitting and removal.

**Roof rack** – can be combined with other accessories for loading and transportation. Crash-, corrosion- and UV-tested.

**Extending ski/board holder** – slides out from the car roof for easy loading and unloading. Holds six pairs of skis or four snowboards. Lockable.

**Roof rack, C-track** – made of aluminium. Quick-release fasteners make it easy to fit and modify with special holders for skis, bikes, boards, etc. Crash-, corrosion- and UV-tested. Estate only.

**Bike holder with lift** – for mounting on the roof rack. The bike is fitted at door height, then lifted with the help of gas springs and secured to the roof rack. Can be adjusted to accommodate a variety of bikes. The bike is secured in an upright position. Unique latching feature makes it easy to secure the bike. Lockable. Made of aluminium. Estate only.

**Kayak/canoe holder** – with adjustable supports of soft rubber that mould to the shape of the hull. The kayak is secured using robust tensioning straps. The kayak holder can also be used for transporting windsurfing boards and small boats.

**Bike holder, towbar-mounted** – easily fitted, approved for the towbar. Space for two bikes (three with an adapter). Dual lock function – locks both the bike to the holder and the holder to the towbar. The fold-down function makes it easier to access the luggage compartment. Equipped with number plate holder and lighting connected to the towbar's electrical socket.

**Bike holder** – for mounting on the roof rack. Can be adjusted to accommodate a variety of bikes. The bike is secured in an upright position. Unique latching feature makes it easy to secure the bike. Lockable. Made of fibreglass-reinforced polyamide.

**Windsurfing/surfboard holder** – features resilient rubber strips. Equipped with a mast holder. The board is held in place by means of a terylene strap. Quick-tensioning with the aid of a crank. For mounting on the roof rack.

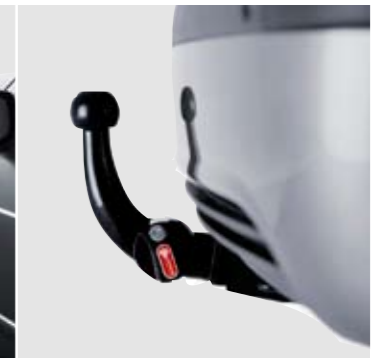

**Load stops** – kit containing four easy-to-fit load stops. Help prevent the load from sliding sideways. Made of galvanised, polyester-coated sheet steel riveted to polyethylene plastic. (Not suitable for C-track.)

**Roof cage** – made entirely of aluminium. Large load surface surrounded by protective, gently rounded rim.

**Caravan mirrors** – complete kit consisting of two mirrors that meet EU requirements concerning unobstructed visibility. For mounting on each wing. Easy to fit.

**Towbar** – choose between a fixed and an easily removed/lockable towbar. For fitting to the mounting points provided. Crash-tested. Some models require that a cutout is made in the bumper.

## Load leisure.

Equip with our innovative cargo accessories and you'll be prepared for every opportunity. You'll get convenient transport and make the flexible luggage compartment of the Saab 9-5 even more versatile.

**Cargo mat** – made of rubber. Designed for the luggage compartment. Protects the carpeting against dirt, water and wear. Prevents smaller items from sliding around. Easy to keep clean, fit and remove.

**Cargo guard** – metal guard that separates the passenger and luggage compartments. Gives the occupants added protection. Estate only.

**Cargo space divider** – divides the luggage compartment. Fitted together with the cargo guard. Convenient when travelling with a pet. Estate only.

**Side cargo net** – for fitting on the right-hand side of the luggage compartment. Elastic, designed for holding light items in place during driving. Easy to remove.

**Floor cargo net** – holds light items in place and makes the luggage compartment more practical during driving. Elastic and easy to use.

**Scratch protection/seating mat** – stored, folded and secured inside the luggage compartment sill. Pulled out to protect the bumper and vulnerable loads. Can be used as a waterproof seating mat on picnics. Storage bag with shoulder strap included.

**Cargo net** – for mounting in line with the rear seat backrest. Separates the passenger compartment from the luggage compartment. Gives the occupants added protection from shifting load in a collision. When not in use, the net can easily be folded and stored. Can be used with the rear seat backrest folded down. Estate only.

**Load straps** – for securing heavy loads. Help protect the occupants from shifting loads.

**Load anchorage points** – for the CargoTracks™ in the compartment floor of the Saab 9-5 Estate. Easy to adjust. Kit includes four anchorage points. Saab 9-5 Estate from model year 2006.

**Storage tray** – keeps smaller items protected under the luggage compartment floor. Saab 9-5 Estate from model year 2006.

**Bag holder** – with four hooks for holding shopping bags in place in the luggage compartment. Mounted under the parcel shelf.

**Storage box** – for the luggage compartment. Held in place by means of Velcro strips on the sides and bottom of the box. Saloon only.

**Sliding load floor** – slides out half a metre. Makes loading easier and can be used as an outdoor seat for two adults when taking a break. Flush-mounted with the standard floor when not in use. Colour-matched to car interior. CargoTracks™ can be used together with the sliding load floor. Easy to operate. Saab 9-5 Estate until model year 2005.

# Clearly convenient.

Small details can make a big difference. Just look at our innovative solutions for the interior of the Saab 9-5. A range of inspiring accessories designed to ensure that you get the most out of every drive.

**Petrol-powered heater** – for engine and passenger compartment. Also heats the engine while driving until the temperature reaches 65°C. Reduces fuel consumption and engine wear by eliminating cold starts. Three starting times, set using the car computer. *Not pictured.*

**Branching cable kit** – necessary for connecting the electric engine heater to an electric compartment heater. *Not pictured.*

**Electric engine heater** – block heater with the socket located in the front spoiler. Reduces fuel consumption and engine wear by avoiding cold starts. Heater output 550 W. Supply voltage 230 V. Can be supplemented with a timer operated via the car computer. *Not pictured.*

**Timer** – enables the electric engine heater to be started via the car computer. *Not pictured.*

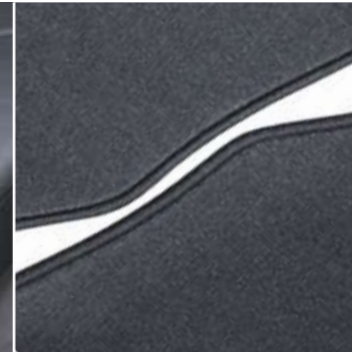

**Cup holder** – for fitting in the storage space in the floor console.

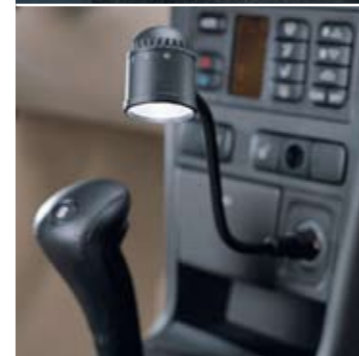

**Cup holder** – for fitting in the rear armrest.

**Textile mats** – complete set of four mats. Black.

**Rubber mats** – complete set of four mats. Black.

**Reading lamp** – with matt black finish, 20 cm flexible arm. Halogen bulb provides powerful light. Equipped with a universal connector, suitable for cars and caravans. Supplied with an adapter for plugging into the cigarette lighter socket.

**Waste/storage box** – fitted on the passenger side of the centre console. Designed as a holder for two soft-drink cans. Five CD discs can be stored in the middle section. Can alternatively be used as a holder for a waste bag. Saab 9-5 until model year 2005.

**Net pocket** – elastic net fitted on the passenger side of the centre console.

**Saab Park Assist (SPA)** – makes it easier to judge rear distances when parking in tight spots. SPA automatically detects and adjusts the activation range if the car is equipped with a towbar. SPA is also automatically switched off when a trailer is hooked up.

# Find out more.

The portable navigation system gives you more than mere directions. It knows virtually every route, even where to stop for lunch. Put it in your pocket when you leave the car and it will keep directing you the right way while giving you helpful tips about sites to explore further.

**Portable navigator** – GPS navigator, traveller's reference and digital entertainment system. All in a package the size of a deck of playing cards. Detailed maps with voice directions and touchscreen make it easy to find your way anywhere. Available with optional features such as MP3 player, calculator, language guide and a travel guide with in-depth information such as recommendations for restaurants, tourist attractions and more. Easy to install in the car. 4–8 hours of battery life depending on use when carrying it with you. Ask your Saab dealer for latest information.

**Saab Infotainment** – includes AM / FM stereo tuner with RDS, CD player or six-disc single-slot fascia-mounted CD changer and AUX connection for your MP3 player and other portable audio equipment. Operated via the steering wheel audio controls or radio main unit. Anti-theft protection, digitally coded to work in your car only. Saab 9-5 from model year 2006.

**CD changer** – operated via the main radio unit. Holds six discs and is easily fitted in the luggage compartment. Installation kit needed. (Protective cover shown in picture is available for the 9-5 Saloon.) Saab 9-5 until model year 2005.

**Telephone holder** – makes it easier to use the mobile phone, especially in combination with the handsfree kit. Universal holder for most makes of mobile phone. Saab design, colour-matched to the interior.

**Bluetooth™ handsfree kit** – automatically connects your Bluetooth™-enabled phone with a handsfree function. Keep the phone in your pocket and operate it with voice commands and buttons on the control panel. The call is heard at high quality through the audio system's speakers. The radio and CD player are automatically muted when you receive or make a call. If you enter the car while talking on your phone, the call will automatically be switched to the handsfree unit when you switch on the ignition.

Bluetooth™ is a trademark owned by Bluetooth SIG, Inc., USA and licensed to Saab Automobile AB. Please check the compatibility of your bluetooth phone with the handsfree kit with your local dealer prior to purchase.

# More.

You'll also find some tempting samples from Saab Expressions, an exciting range of products to match your car and lifestyle. For even more information about Saab Genuine Accessories and our offers, please visit [www.saab.co.uk](http://www.saab.co.uk)

# Just in case.

Being prepared for the unexpected is essential for safer motoring. So make sure you equip your Saab with all the accessories necessary for even greater safety and security for yourself and your family.

**Battery jumper cables** – 10 mm<sup>2</sup> copper cable with TPR insulation. Length 2.4 m.

**Warning triangle** – collapsible. International standard size, supplied in a handy case.

**Tow line** – easy to fit. Tested strength, made of polypropylene. Up to 2500 kg, 1.5 m long, stretches to 4 m.

**Lockable wheel bolts** – set includes four wheel bolts and the necessary special key inserts.

**First aid kit** – contains dressings, plasters, etc. Held in place by a Velcro strip.

**Safety vest** – makes it easier for other road users to see you if you have to get out of the car at the roadside.

**Baby insert** – for rear-facing child seat. For babies aged 0–9 months. Removable and washable. *Not pictured.*

**Rear-facing child seat** – for children aged 9 months – 3 years or weighing up to 18 kg. Installed using the car's three-point seatbelt, an extra belt and a support leg. Upholstery can be removed for cleaning.

**Booster cushion** – for children aged 3–10 years or weighing 15–36 kg. Ensures the seatbelt fits the child correctly. Easy to remove and clean.

**Forward-facing child seat** – for children aged 3–10 years or weighing 15–36 kg. Upholstery can be removed for cleaning.

# Hirsch Performance.

Hirsch Performance is Saab's exclusive performance upgrade partner, offering an exciting range of packages for enhanced driving. So let the range of sporty accessories show that your car is special. For more information, please visit your Saab dealer or [www.hirsch-performance.ch](http://www.hirsch-performance.ch)

Roof spoiler. Stainless steel sports exhaust system.

5-Twin spoke 18x8" alloy wheel.

Leather and carbon leather interior accent.

Aluminium pedals..

6-Twin spoke 19x8" alloy wheel.

Simply increasing engine power is not very difficult. However, balancing the force of a powerful engine – and retaining driveability – requires true craftsmanship. And that's the core of Hirsch Performance packages. Adding that little extra, meticulously engineered to preserve Saab perfection on an even higher power level. Suspension, brakes and aerodynamics are all vital areas to upgrade when you add power to an already powerful car. And it is logical to add extras like a tuned stainless exhaust system and interior details that emphasise the character of the car. Saab is in many ways different. Hirsch Performance offers a different Saab.

Hirsch Performance products are available on certain markets and the range may vary. Cars modified with Hirsch Performance are still covered by the new-vehicle warranty.

**Saab chronograph watch** – made by Maurice de Mauriac, Swiss Watches. Mechanical-automatic Swiss Valjoux movement (ETA 77.50) refined stainless steel case, 45 mm diameter. Screw crown open case back. Anti-reflex crystal, treated 2-sides. 50 metres waterproof. Power reserve 39–42 hours.

**Model car 92001** – richly detailed model car of the first Saab. Scale 1:43

## Saab Expressions.

Saab Expressions is a range of exciting high-quality products specifically designed to match your car and lifestyle. The emphasis is on travel and active lifestyle, but you'll also find a host of inspiring products for everything from work to family and kids. Here are a few tempting examples. Explore our entire range at [www.saabexpressions.com](http://www.saabexpressions.com).

**Model car Aero X** – exciting model of the futuristic concept car from Saab. Scale 1:43

**Emma the Elk** – is a wonderful soft toy. She is 70 cm tall and will be loved by children and parents alike.

**Pen Lynx Yellow** – high-quality aluminium ball pen painted in Lynx Yellow. Black ink.

**Saab leisure bag** – sporty, functional bags made of a durable, watertight, canvaslike material. Adjustable shoulder strap. Tastefully embroidered logo tone-on-tone on the front.

**Turbo X driving gloves** – in top-quality nappa lambskin. Orange stitching matches the orange colour in Saab's turbo gauge. Stamped Turbo X logo.

**Saab tyre bag** – specially designed wheel bags for winter and summer tyres. Rubberised material on the outside for easy cleaning. Reflective print on the sides indicates which tyre goes in which bag.

**Saab USB memory** – from 1 GB. USB memory stick with rubber coating. The design is reminiscent of a 1960 Saab 96.
